

Candidate Reference: 133371
Nationality: Cypriot

Experience

Jan 2024 – Sep 2024
Business Development Manager
Asbis Kypros Ltd | Limassol, Cyprus

- Responsible for developing the new B2B Green Energy Solutions Department.

Jan 2020 – Dec 2023
Manager
Dracoudis Energy Ltd | Limassol, Cyprus

- Responsible for Residential and Commercial Photovoltaic systems, tendering, system design, application processing, coordination of installation, after sale support.

Sep 2017 – Dec 2019
Site Electrical Engineer
Suntechnics Ltd (GDL Green Energy Group) | Limassol, Cyprus.

- Responsible for Operation and Maintenance of Solar photovoltaic parks, design and project management of new Photovoltaic projects, sales of residential photovoltaic systems.

Jun 2015 – May 2017
Sales Engineer
Crystalight | Limassol, Cyprus

- Responsible for lighting design and sales. Solar photovoltaic systems (residential and commercial) offers, air-conditioning offers and electrical installation tendering.

Nov 2014 – Dec 2014
External Special Collaborator
Cyprus University of Technology | Limassol, Cyprus.

- Responsible for the expansion of a long-term energy prediction model in Cyprus.

Jun 2014 – Sep 2014
Erasmus Placement
Cyprus University of Technology | Limassol, Cyprus.

Mar 2010– Sep 2010
Job fellowship
Electrical & Computer Engineering Library - AUTH (7 months).

- Responsible for handling student requests on book borrowing and returning, through an electronic database system. Sorting books according to content.

Education

2013 - 2014

MSc in Energy Systems, Energy Management stream

International Hellenic University | Thessaloniki, Greece (all courses in English).

- Grade: 2.1
- MSc Thesis: "Costs and Benefits of Renewable Energy in Cyprus"
- Sample of modules: Introduction to Energy Economics and Quantitative Methods, Energy Project Valuation and Financing, Energy Law in Europe, Fossil Fuels and Renewable Energy Economics, Energy Markets, Trading and Risk Management, Energy Strategic Management and Enterprise, Energy Efficiency and Savings and Emission Allowance Markets.

2006 - 2013

MEng Electrical and Computer Engineering

Aristotle University of Thessaloniki (AUTH) | Thessaloniki, Greece.

- Grade: 2.1
- MEng Thesis: "The Energy System of Cyprus and its future evolution"

2004– 2006

Cyprus' National Guard Service

2001 – 2004

High School Diploma

Polemidia Unified Lyceum, Limassol, Cyprus.

- Main Subjects: Modern Greek, Mathematics, Physics, Biology. Grade: 18,8/20

2003

"General Certificate in English" (G.C.E.)

- Ordinary Level, EDEXCEL. Grade: B

Seminars**14 October 2022**

Acquired the certification for PV Installers from the Cyprus Ministry of Energy

April - June 2016

Attended the Training Seminar on "17th Edition of Wiring Regulations BS 7671 A3" –

Duration 36 hours

25-26 June 2015

Attended the Seminar on "Energy upgrading of existing Residential buildings" held by

Cyprus Energy Agency, Nicosia

14 April 2014

Attended the conference on "Energy Law: Hydrocarbons Legal, Economic, Technological and Geopolitical Aspects", held in International Hellenic University

April 2009

Attended the 3rd Seminar of Greek Computer & Electrical Engineering Students with subject:

"Young Engineers in the Knowledge Community", held in AUTH

Honors & Awards

- Scholarship and Prize award - State scholarships foundation of Cyprus – Educational performance during academic years 2006-2008.

Undergraduate Projects

“The Energy System of Cyprus and its future evolution”

- Diploma Thesis. Detailed presentation of the energy system, energy policy, laws and regulations regarding electricity in Cyprus. The energy crisis after the explosion in Vasilikos Power Station in 2011. Future Scenarios for the evolution of the energy system using the long range Energy Alternatives Planning system (LEAP).

“Electrical Installation of a sanitary landfill”

- Project during the course “Special Chapters of Electric Systems”. Includes studies: private buck substation, counterbalance, electromotion, grounding and space lighting.

“Connection to the grid of a large Wind Turbine” and “Design of the converters for an autonomous photovoltaic installation”.

Languages

- Greek: Excellent (Native language)
- English: Excellent

Technical Skills

- MS Office (Word, Excel, PowerPoint etc.), AutoCAD, DIALux, PowerSim, Spice, PVSyst. Knowledge of C, C++ and Java programming languages.

Other

- Member of the Technical Chamber of Cyprus (ETEK)
- Electromechanical Services – Class A certificate
