

Candidate Reference: 102925

Nationality: British/Cypriot

Profile

Dynamic and highly adaptable professional with extensive experience supporting senior leadership and coordinating complex projects across hospitality, technology, and commercial environments. Currently serving as Personal Assistant to the General Manager of a five-star resort, acting as a trusted operational partner across strategic planning, financial reporting, branding initiatives, and cross-departmental delivery.

Key Skills

- Executive & Senior Management Support
- Project & Event Management
- CAPEX & OPEX Budgeting and Reporting
- Stakeholder & Client Communication
- Process Improvement & Documentation
- Internal Communications & Social Media Management
- Customer Experience & Reputation Management
- Sustainability & ESG Initiatives

Experience

May 2023 – December 2025

**Personal Assistant to the General Manager
Coral Beach Hotel & Resort, Paphos**

Key Achievements & Projects

- Led a full rebranding and standardisation of all front-of-house and back-of-house stationery, ensuring consistent brand application across the entire property.
- Managed the end-to-end redesign and replacement of in-room emergency exit plans and public-area evacuation signage, overseeing design updates, branding alignment, compliance checks, validation, and hotel-wide implementation.
- Delivered a comprehensive signage and wayfinding rebranding project across floor identifiers, public areas, restaurants, and bars, improving visual consistency and guest navigation.
- Led the restaurant and bar brand refresh, redesigning outlet logos and coordinating their application across menus, signage, and guest-facing materials.
- Conceptualised and delivered the 12-page All Around Dining Guide, incorporating all restaurant and bar information, refreshed branding, and an A–Z dining directory to enhance the guest experience.
- Redesigned the hotel map to align with updated branding and improve clarity, usability, and guest orientation.
- Managed the hotel IPTV system from inception, including photography, site mapping, content architecture, link management, and ongoing updates, delivering a cohesive in-room digital experience.
- Led the Water Sustainability Project by sourcing and installing refill stations and implementing a reusable glass bottle initiative, supporting environmental objectives and reducing plastic consumption.
- Developed and maintained the Sustainability section of the hotel website, ensuring accurate, up-to-date content, supporting documentation, and photography.

- Improved Staff Committee engagement by taking over coordination, strengthening employee participation, feedback quality, and communication with management.
- Established the property management licensing process from scratch, creating structured digital and physical backup systems, managing applications, and implementing shared tracking tools.

Core Responsibilities

- Act as the primary operational partner to the General Manager, enabling effective leadership through proactive diary management, meeting governance, and structured follow-up on strategic actions.
- Coordinate cross-departmental projects across operations, marketing, guest services, and sustainability, ensuring alignment with business objectives and timely delivery.
- Prepare, track, and analyse CAPEX and OPEX reports, improving cost visibility and supporting informed senior management decision-making.
- Manage guest communications across social media platforms, in-house systems, and travel partners, resolving post-stay complaints and supporting reputation management.
- Own the full lifecycle of restaurant and bar menu updates, including content updates, design coordination, proofreading, supplier liaison, and print production.
- Support department heads during peak operational periods by assisting with project timelines, supplier comparisons, purchasing proposals, and requisition processes.

2015 – 2021

Inventory Administrator

Cognyte (UTX Technologies Ltd), Limassol

- Maintained high inventory accuracy through daily controls and annual stock counts; optimised PO and RMA workflows; managed FIFO and obsolete stock; coordinated inbound and outbound shipments.

2012 – 2015

Administration & Customer Services Officer

UiBS United Business Solutions, Limassol

- Primary client liaison for software projects; coordinated multi-client timelines; delivered CRS & CMS training; supported website projects through content structuring, sitemap development, and wireframe input.

2007 – 2010

Sales Executive

Concimer Enterprises Ltd, Limassol

- Consistently achieved and exceeded monthly advertising sales targets, managed client portfolios, media planning, and advertising campaigns.

2003 – 2006

Sales & Administration Officer

Party Ice Cold Storage, Limassol

- Managed branch operations including sales, customer service, inventory control, and FIFO/expiry tracking systems.

Education & Professional Development

- St. Mary's Secondary School, Limassol | Marketing Seminar
- Handling Difficult Customers
- 13 Confusions in 3rd Party Logistics
- E-Commerce: SEO, Email Marketing & Social Media
